

# **NORTH-EAST** INDUSTRIAL BATTERIES, INC.

Manufacturers of Industrial Batteries and Industrial Chargers since 1968

# Water SAVER

Same power, less watering, Water-Saver may be just the battery you need!

QUALITY • PERFORMANCE • DEPENDABILITY

# Water SAVER

saves you time by extending battery watering intervals up to 10 weeks!

Water-Saver's modified alloy, advanced separator material, and innovative paste additive work together to reduce water consumption. While retaining the benefits of a standard flat-plate cell design, these innovations significantly reduce the frequency of battery watering.

The Water-Saver battery accomplishes this without sacrificing amp hour capacity. Our 85-AH & 125-AH cells are the same dimensions as our standard flat-plate flooded product. This allows you to save on your weekly watering costs and still have all the power you need to move product.

## Product Features and Benefits include:

- Recommended watering intervals of 8 to 10 weeks.
- Available in all 85 and 125-AH sizes.
- Delivers the same power as our standard 85 and 125-AH batteries.
- Does not require a special charger.
- LED electrolyte level monitor indicates when watering is required.
- Optional automatic single point watering systems are available.
- Optional on-site watering programs available.

## Water-Saver: LM Series Product Specifications - Ratings

Cell Type	KWH @ 6 Hr Rate	AH Cap. @ 6 Hr Rate
85LM-05	0.328	170
85LM-07	0.492	255
85LM-09	0.656	340
85LM-11	0.820	425
85LM-13	0.984	510
85LM-15	1.148	595
85LM-17	1.312	680
85LM-19	1.476	765
85LM-21	1.640	850
85LM-23	1.804	935
85LM-25	1.968	1020
85LM-27	2.132	1105
85LM-29	2.296	1190
85LM-31	2.460	1275
85LM-33	2.624	1360
125LM-05	0.485	250
125LM-07	0.708	375
125LM-09	0.985	500
125LM-11	1.231	625
125LM-13	1.478	750
125LM-15	1.724	875
125LM-17	1.970	1000
125LM-19	2.215	1125
125LM-21	2.463	1250
125LM-23	2.709	1375
